

This is a Mega Room Phase simulation. The participants will need to identify 8 bits.

The quiz members compete in the Mega Room phase as an individual. They enter the room as a team, but will approach each table as an individual, and will be at the table with other competitors who are NOT on their team. There is to be no talking and generally no touching of the items on the table. If you need to touch an item on the table, ask the table judge first.

Print pages 4 – 6 (the BIT cards) on card or cover stock paper. Cut them out such that each individual card has both a letter and a picture of a Bit. .

Our club runs a 'mock' rally right before the actual quiz rally. Because we might have parent volunteers who are not familiar with how quiz is organized, the next page is the instructions and answer key for the parent who is running the "mock" mega-room table.

Page 3 is the Answer Sheet that the individual competitor would use to record their answers. Print one for each competitor.

Bits and Bads Mega-Room Simulation

Table Judge: Directions

1. Lay out the letter/bit cards on the table.
2. Cover the bits with newspaper or in some way so the approaching team cannot read ahead.
3. When the members approach, read the following rules;
 - a. The object of this table is to match the bit to the name of the bit.
 - b. You will receive 1 point for each correct answer.
 - c. You will have 3 minutes for this station.
 - d. If you finish before the time limit, hold onto your answer sheet and wait until time is called.
 - e. When time is called hand your answer sheet to me & I will score it, record your score and return it to you.
 - f. Your time begins now
4. Remove the covering and begin timing.
5. After 3 minutes tell the team to stop.
6. Score each sheet and write the score on their sheet and below.
7. They must wait at your table until told to move to the next station.
8. Cover the bits and wait for the next competitors
